Silver Star To Dr. Lamy

Award Merited For Gallantry on Bataan, Formally Presented Today

The Silver Star award for meritorious gallantry in action was placed upon the breast of Captain John E. Lamy by Colonel Jerome B. MacCauley of the Sedalia Army Air Field in an impressive ceremony at the Sedalia Kiwahis club meeting in the Ambassador room of Hotel Bothweil Thursday

The ceremony took place before a background of flags of the Al-

The Rev. Fr. A. J. Brunswick, club president, in an introductory talk paid tribute to Captain Lamy and his family, following which the Rev. Bird Campbell, program chairman, introduced Colonel Mc-Cauley, who called upon Captain Elmore V. Cobb, Sedalia Station Recruiting Officer, Missouri district to read the citation:

"It is an honor for me to inform Captain John E. Lamy," said Capt. Cobb, "that by direction of the President of the United States the Silver Star has been awarded him by General J. M. Wainwright for meritorious gallantry above and beyond line of duty in the face of great danger. We are proud of Captain Lamy and it is our desire to build an atomic age army with this quality youth.

"I want to salute Captain Lamy in behalf of hundreds of thouswho are patterning themselves after such superior men.

He then read the citation: Citation for Silver Star

"Captain John E. Lamy on 6 April 1942 displayed gallantry in action on Bataan, Philippine islands, as surgeon for the Third Battalion, 57th (PS). While in bivouac, the battalion was subjected to an exceptionally heavy attack by enemy dive bombers and intense artillery fire and casualties were heavy. Captain Lamy suffered an eye injury from a bomb fragment, but despite his injury and the continued fury of the air attack, he provided medical sid to the wounded as they were brought to the aid sta-

Of outstanding importance is the introduction of a system of survivor benefits similar to, but substantially higher than, those paid under the Social Security Act, and of a system of cash benefits in case of sickness similar to that in operation in Rhode Island and the one about to be instituted in California.

The basic provisions applying to old-age retirement remain unchanged. The normal retirement age in nondisability cases is still 65 and, as in the past, an employee may retire at ages 60-64 if he has 30 years of railroad service but must accept a reduction in his monthly payments. Beginning Jan-1, 1947, however, women with 30 years of railroad service may retire under the new law at ages 60-64 without taking a reduction. Old-age benefits will continue to be figured on the basis of the formula previously used, except for employees in the lowest wage and service brackets to whom the new minimum formula will apply. The maximum retirement benefit remains at \$120 a

According to Sen. Warren Magnuson, of Washington, the United States will ask the UN General Assembly, at its September meeting in New York, for sole trusteeship over the vast chain of Pacific island bases shown on map above. The bases stretch over an arc of 4000 miles, covering direct air and sea lanes from Hawaii to Australia and the Orient. Area includes Caroline and Marshall groups, both Japanese-mandated; the Gilberts, a British mandate; the Marianas Islands; Manus, in the Admiralties, where the U.S. built a \$200,000,000 base, with Australia's permission.

your uppers and lowers each day! You'll discover that:

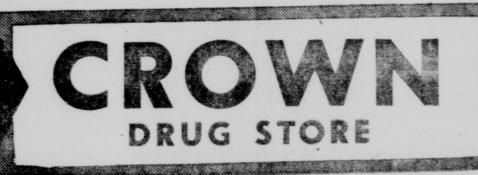

1. Staze "grips" tight instantly starts immediately to resist the dissolving action of saliva. That's because Staze is a paste not a powder!

to help prevent annoying food particles from getting under plates to cause annoying irritation (and unpleasant "denture breath"). 3. Staze's exclusive cream-paste formula helps prevent chafing and relieves soreness.

Just squeeze a little Staze on 4. Easier and much more pleasant to use than messy "powders". Staze spreads evenly over plates by itself. Can't spill over your clothes or floor. No "lumping" 5. Most economical because it

lasts longer. And there's no waste. (Costs less than a penny a day.) 2. Staze seals around plate edges 6. All the ingredients in Staze are pure. Safe for any denture material.

Discover for yourself how different your life can be when your plates stay comfortably secure all day; why your days may be "happy days with Staze."

New Policy For Foreign Relief Needed

Opinion of Many is Help Should be Given Only to Our Friends

By J. M. Roberts, Jr. AP Foreign Affairs Analyst The resolution of the Veterans of Foreign Wars against shipment

of American food to former enemies serves to remind that, with the demise of UNRRA, the United States faces development of a new policy regarding relief for other UNRRA has operated very larg-

y on the basis of need, and has even been attacked for the blindness of the justice under which it may have bolstered interests which were alien to the policies of the largest contributors. Recent public flareups over

continued shipments to Yugoslavia, and the attention paid by the U.S. government to the protests, make it pretty obvious that the new policy will take into consideration the premise of some that help should be continued only to our friends, and perhaps be denied even to some of them if it would also benefit those with whom we are at odds.

Written for NEA Service The hair, like the rest of the body, receives its nourishment from the blood, and it reflects the state of one's health. Persons ill rom any cause may notice a definite change in their hair, which will improve as they do.

The hair, like the skin, is constantly exposed to dirt and smoke, and it should be shampooed at least every other week.

Dandruff of the common variety, in which dry scales collect on the scalp, is an indication of poor hygiene and not of disease. The rare types of dandruff, which are due to disease, should be treated by a physician.

Dandruff "cures" are essentially cleansing agents and usually are of no greater value than soap and

Oil Combats Dryness

Excessive dryness of the hair is counteracted by keeping the hair and scalp clean and by putting additional oil on it. Any type of oil (mineral oil, olive oil, etc.)

Excessive dryness may be due to disease. Deficiency of the thyroid gland, for example, in which the patient becomes overweight. the skin thickens and scales, and the movements become slow and deliberate, produces excessive hair-dryness.

Gray hair is produced by an excess of air in the hair (in and

THE GREATEST BAKING POWDER **IMPROVEMENT** IN 50 YEARS! Improved FOOD CALCIUM

BAKINGS LOOK BETTER!

THE FOOD CALCIUM in the new KC permits more even distribution of the fine, active ingredients · throughout the baking powder. This promotes more · uniform action - gives bakings the light, smooth texture and inviting rich appearance everyone enjoys.

BETTER TASTE!

New KC assures full flavor of other ingredientsin your baked goods you get no soda taste from KC.

BETTER FOR YOU, 700!

KC makes everything you bake with it a valuable source of FOOD CALCIUM -adding 2 to 5 times more FOOD CALCHUM than the fresh milk used in a baking, depending on the recipe. Thus KC joins milk as a fine source of this vital food element.

The Story: I, Cecelia Hart, was only 17 when I came to Innisfail that eventful summer to help out Cousin Ellen, who was the Fitzgeralds' housekeeper. Lovely Charlotte Brent captured my heart immediately, but autocratic old Honora Fitzgerald, who ruled the household from a sick bed, frightened me. Miss Charlotte showed me around the place, told me abou Professor Mack Fitzgerald, to whom she was engaged. Cousin Ellen scolded me for taking time off from my duties.
